Proposal

To build a easy, convenient tool for Japanese Language Proficiency Test (JLPT) kanji learning for the Android platform.

- Tool:
 - Fast
 - Simple
 - Convenient

Product

Kanji Learning:

- Provides a complete listing of the 79 JLPT level 4 kanji with readings, meanings, and stroke order drawings.
- Simple, clean interface
- Fast
- Easy
- Convenient

Target Audience

Students and enthusiasts looking for a study aid.

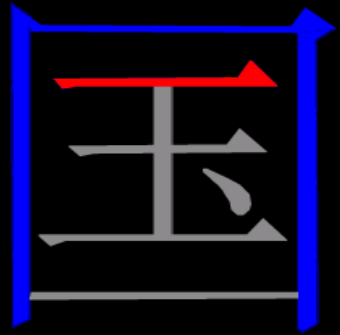

Screens

Notecards

On: ホン モ
Kun:
Gloss: Book, present, main, true, real,
counter for long things,

7:44 PM

book, present, main, true, real, counter
for long things

country

Summary

Provides simple flashcards and notecards of JLPT level 4 Kanji.

Next Steps:

- Provide the other 3 levels of Kanji.
- Read user drawings of kanji.
- Expand to aid other aspects of JLPT
